SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Wednesday, (December 10), there being present Wm. H. Brown presiding, Jas. T. Casey, John MacBain, Jos. M. Francis and D. E. Blackburn.

A report of the viewers appointed at the last meeting to view and lay out the county road from Colma to Edgemar was presented, describing the road and fixing the damages to the several land owners through which the road will run as follows:

Palmiro Rosaia, $1000, which amount is not accepted; M. M. Zanoni, $7000, accepted; J. A. Hooper,$1200, accepted; A. Rosa, $2000, accepted; R. S. Thornton, $1500, not accepted; J. J. Carroll, $500, not accepted; Doane Realty Company, $889.50, accepted; Burke estate, $300, not accepted. Geo. D. Wise, C. A. Hooper and the Edgemar Realty Company have donated the right of way through their properties.

Peter Tamony, representing J. J. Carroll, objected to the amount of damages awarded to the former and asked that he be given $1000. It was shown that the county would use two and one-half acres of Carrolls land for the roadway and that an equal area of land from the old road would be given back to him. His property was assessed at $37.50 per acre.

The report of the viewers was accepted on motion of MacBain, seconded by Blackburn, and the clerk was directed to publish notice that the non-consenting owners would be allowed to present their side of the matter at the regular meeting on January 5, 1914.

The advisory board, of which four members, William A. Moore, H. C. Tuchsen, Geo. L. Perham and E. M. Moores, were present, advised that in calling for bids the board adopt the unit system, permitting the contractors to bid separately on each item of work and not as a whole.

It was moved by Blackburn and seconded by Francis that such plan be adopted and the motion carried, Casey and MacBain voting in the negative.

Surveyor Neuman presented plans and specifications for grading the roadway from San Pedro to Montara.

F. M. Doak of the Doak Sheet Metal Company addressed the board and asked that the corrugated metal culvert pipe manufactured by his company be included in the specifications for road work.

It was ordered on motion of MacBain, seconded by Casey, that the specifications include for the culverts corrugated pipe, reinforced cement pipe and vitrified stone pipe.

The plans and specifications presented by the surveyor were then adopted on motion of MacBain, seconded by Francis.

It was ordered on motion of MacBain, seconded by Casey, that the treasurer appoint an agent in the City of New York to pay the interest on the county bonds, the cost of such services not to exceed the regular exchange fees.

A communication was received from Mrs. Edith Packard of San Gregorio offering to transfer to the county the necessary right of way for the Boges creek bridge in the Fifth township for $150. The offer was accepted on motion of Blackburn, seconded by MacBain.

On motion of MacBain, seconded by Blackburn, it was ordered that in future all newly-erected county bridges shall be inspected by the board, in addition to the surveyors inspection, before allowing claims for such work.

Harrison Dibble, representing the William R. Staats Company, offered to purchase $500,000 of the county's road bonds at par and accrued interest and a premium of $3000, one-half of said bonds to be delivered by February 1st next and the remainder by May 1st. The offer was accepted on motion of MacBain, seconded by Casey.

Street Assessment Due

The attention of property owners in Assessment District No. 17, is called to the fact that interest and first annual installment on the assessment is due on January 2d, 1914, and must be paid on or before that date. Interest is payable semi-annually, January 2 and July 2 of each year. Considerable trouble and anxiety was caused last July for the reason that no notice was given that the interest was due, and when, and to whom payments should be made. The city treasurer is mentioned in the bond as the person to receive the money and forward the same to the holder of the bonds, and it is necessary that the money shall be in his hands on the dates mentioned.

Subscribers to the Designer that have not received the December number please call before they are all gone. Einstein.

WOODSIDE-LA HONDA ROAD A CERTAINTY

One of the notable achievements of the recent bond election will be the construction of a new road from Woodside to La Honda. For a long period this road has been in contemplation by the board of supervisors. More than fifteen years ago Supervisor McEvoy started a movement to build it but was beaten in the Superior Court by a non-consenting land owner. Since then several attempts have been made to renew the undertaking but without success.

The bond election at which $1,250,000 were voted for a new system of county highways included the road described. The strongest opposition came from J. A. Folger through whose Woodside estate the highway would have to be laid out. Mr. Folger's opposition was largely on account of the fact that previous surveys brought the road through the grounds immediately surrounding his residence.

After much work by Supervisor MacBain it was found that a route could be provided that would not mar the beauty of the Folger home although it would cut through some of the choice orchard property. Mr. Folger, with commendable spirit gave his consent, and will not ask any damages from the county, specifying only that the fencing be a public charge. The route will also pass through the lands of the Portola Hills Company, Chapman, Paulson, Palmer, Bishop, Marks, Dixon and Weeks All of those owners have given the right of way.

The new road will have a six per cent grade and less on the east side of the mountain and will cross the summit at an altitude some three hundred feet lower than the present road. On the west side of the slope the grade will be two and one-half percent—almost level. The new road will connect the present La Honda road at the residence of B. D. Weeks. When it is considered that the road now used is in places as steep as fifteen percent (a rise of fifteen feet in every hundred feet of distance) the easy grade of the proposed driveway will be more readily appreciated.

Besides this feature, the distance to La Honda will be shortened at least two miles, reducing the trip by horse and wagon to two hours, and by automobile to much less than an hour.

There is water in abundance on the new route which will allow sprinkling its whole distance, assuring a dustless drive through a country whose beauty cannot be excelled.

Mr. Lockwood, the secretary of the Stanford Y. M. C. A., will deliver the address at the Methodist church next Sunday evening. The public is invited to hear him.

CITY OFFICIAL PAPER

WATER FRONT COMPANY LETS IMPROVEMENT CONTRACTS

The last obstacle in the way of the development of the water-front property, an undertaking that bespeaks the future of Redwood City, was removed yesterday when a contract was signed by J. P. Holland and the Harbor Company by which the former agrees to furnish and load on cars, 50,000 cubic yards of earth for building a trackbed and roadway through the property.

The filling material will come from San Francisco, a large portion from the Stockton-street tunnel, and will be hauled to this city by the Southern Pacific Company and thence by way of the spur to the Harbor Company's tract of land.

An embankment twenty-four feet in width will be constructed. This will follow the water front, being distant 1000 feet from the water line, and will form a loop, encircling the whole property.

It is specified in the contract that the work of making the fill must be finished by May 15th next. As soon as the embankment is constructed the track and wagon road will be built. A. W. Pioda, who has surveyed the property and planned the improvements will be in charge of the work

When this undertaking is completed the company will secure the services of an immense dredger and begin the work of excavating the water front A sufficient depth will be made to accommodate the largest coast steamers. The material taken from the creek bottom will be used in filling the land and building a levy around it. Wharves will then be built.

The company is planning to spend at least $100,000 in the work that it has outlined. When these improvements are completed the water front will assume a lively aspect as it is assured that a number of wealthy capitalists have spoken for sites there for the establishment of factories and other branches of industry.

Fortune Awaits Mrs. O'Brien

In the vaults of banks in Ireland and in safety deposit boxes, there is $12,400,000 left by James O'Brien, deceased, awaiting distribution among residents of Sheboygan, Fond du Lac, Milwaukee, Winnebago and Marathon counties.

The fortune was amassed in the gold fields of California in the early fifties.

The news came in dispatch today from P. H. O'Brien of Wausau, who is in Ireland looking after the details of the estate. O'Brien died in County Cork twenty-one years ag.

Mrs. John O'Brien of this city is a direct decendant of the James O'Brien mentioned above and has taken steps toward securing her share of the estate. She is a native of County Cork, and knew the deceased millionaire at the time he left Ireland for America. She was a small girl then, but recalls the incident quite well. Mrs. O'Brien claims a close relationship and believes she is entitled to a good portion of the estate and will make a determined effort to secure it. Mrs. O'Brien has resided in Redwood City for the past forty years, raising her family here. Her numerous friends here will rejoice in hearing of her good fortune. She intends to make a trip to the old country to look after the affairs of the estate.

JUDGE BUCK UPHOLDS DALY CITY TRUSTEES

Acquisition of Municipal Water System Not to be Delayed

Judge Buck rendered a decision in the case of H. C. Barker against the City of Daly City on Thursday. Plaintiff brought the action to restrain the trustees of Daly City from going on with certain work in connection with the installing of a water system for the town, claiming certain riregularities. The court denied the petition for a restraining order. Followni is the decision in full:

By this action the plaintiff asks this Court to issue a restraining order to prevent the trustees of the City of Daly City from proceeding to carry out the wishes of the people as expressed at the polls to construct a system of water works for the benefit of the people of that city. The matter of lack of water supply at Daly City has been so frequently before this Court that at this time this Court would not feel warranted in preventing that city from carrying out its cherished scheme of obtaining water on account of some informality in the preliminary proceedings which would not affect the rights of the tax payers. Admitting that there exists in the preliminary proceedings taken by the trustees in the matter some minor defects or informality in the matter leading up to the contract under consideration, yet from all that appears the trustees acted in the best of faith towards the tax payers and there was nothing done by them in this matter tainted with wrong doing. The only charge made by plaintiff in Court was that the trustees did not observe all those formal matters which with more careful thought they undoubtedly wouud have done.

"This lack of formality is not sufficient to invalidate the proceedings had in this matter and cause this Court to hold at any time that all the trustees did in this matter was invalid and to set aside all Daly Cityhas done to acquire its much needed water supply. Holding such views, the prayer of plaintiff for a restraining order herein is denied.' BUCK, Judge.

"FAGGED-OUT" WOMEN

Will Find Help in This Letter.

Overworked, run down, "fagged out" women who feel as though they could hardly drag about, should profit by Mrs. Brill's experience.

She says: "I was in a very weak, run-down condition. Life was not worth living. I could not sleep, was very nervous, stomach bad, and was not able to work.

"I consulted with one or two physicians, without benefit. I read of Vinol helping some one in a similar condition so I began to take it, and it simply did wonders for me. I gained in weight and I am now in better health and stronger than ever. I can not find words enough to praise Vinol."—Mrs. W. H. Brill, Racine, Wis.

Thousands of women and men who were formerly weak and sickly owe their present rugged health to the wonderful strength-creating effects of Vinol. We guarantee Vinol to build you up and make you strong. If it does not we give back your money.

P. S.—For rough, scaly skin, try our Saxo Salve. We guarantee it.
